Table 2 Registration Fee for the Whole Summer School

Modules	Total Fee For Participants
1. Fundamentals of Data Analysis in Qualitative Research Studies (FDAQRS)	450000 Ts.
2. Topics 1, 2, 3, 4	
3. Getting Familiar with R Software for Research Statistical Analysis (e.g., Regression, ANOVA, T-test, Correlation, ...)	

Notes:

1. The first summer school in the field of teaching English as a foreign language in Iran was held by TELLSI/ILI in 1394. Fortunately, there have been some positive changes since that time and for the first time, this year registration will be done electronically and the registration fee can be paid online. The link you can use for online registration is:

www.ilireg.ir/tellsi

2. Certificate of attendance will be provided for each workshop i.e. the participants of all modules will receive a certificate for each and every module.
3. TELLSI Members should submit a copy of their * Valid and Active* TELLSI membership cards.

4. Accommodation will be provided to participants who do not live in Tehran and Alborz provinces: the priority is with Active TELLSI members (who have paid their membership fee for the year 1396) and ILI Instructors, those who register for the whole summer school (+ early bird registrations) due to the limitation of the number of seats.
5. The fee includes lunch and two coffee breaks (one in the morning and one in the afternoon).
