| 6. June | 12. December |

**G** Listen to the conversations and write the birthdays.

- | | |
|---------------------------------|----------------|
| 1. Bob ... 10 / 26 | 4. Ivan |
| 2. Mary | 5. Tom |
| 3. Mark | 6. Betty |

Read the following passage and fill in the table.

The Four Seasons

In most of North America there are four seasons: spring, summer, fall, and winter. Each season is about three months. The months of spring are March, April, and May. Officially, spring begins about March 22. The weather is usually cold and windy in March, but there are some warm days. There is a lot of rain in April, but May is usually sunny and beautiful. In May the plants and trees become green, and there are flowers of many colors.

Summer starts about June 22 and includes the months of June, July, and August. In June, school ends and vacation begins for many students. It is very hot in the summer, so people often go on picnics and go to the beach.

After summer comes fall. It begins about September 22. Vacation ends and school starts again in September. The weather is usually nice in September and October, not too hot and not too cold. The leaves change color and become yellow, red, and brown. The colors are very beautiful, but then the leaves fall from the trees.

Winter is cold in most parts of North America. It starts about December 22. The winter months are December, January, and February. In many places it snows in winter, and people go skiing and ice-skating.

Season	Months	Begins on
Spring		
Summer		
Fall		
Winter		

Self-study

Vowel Sounds in English

1. You will learn the phonetic symbols for the following vowel sounds in this unit: /ɑ/, /ʌ/, /ɔ/, /ʊ/, and /u/. Listen and practice saying the words.
